Information about working in Hessen

Licence as a Pharmacist with a pharmaceutical education from outside Germany

Approbation als Apothekerin/Apotheker § 4 Bundes-Apothekerordnung (BAPo) und
Berufserlaubnis § 11 BAPo

Dear Sir, dear Madam,

Thank you for your interest to work as a pharmacist in Hessen, Germany. Working in Germany as a pharmacist requires a permanent licence (Approbation) or a temporary restricted licence (Berufserlaubnis).

Here are some information about the conditions:

If you are still living outside Germany, please look at
www.anererkennung-in-deutschland.de for more information and contact persons.

If you are living in Germany but outside the federal state Hessen, please contact your local "Approbationsbehörde" in your federal state.

If you are living in the federal state Hessen here are some basic information and prerequisites you need to start an application for licence:

Completely finished pharmaceutical education verified by an official diploma, an academic record with marks and grades and a licence to work as a pharmacist without restrictions in your country.

Adequate German language skills: GER B2-certificate, only from Goethe-Institute. Additionally, a German pharmaceutical language certificate C1 is also needed.

Job offer or a confirmation for working as a pharmacist in Hessen from a pharmaceutical employer in Hessen, normally proved by an application for "Berufserlaubnis", signed by you and the staff department from a pharmacy in Hessen.

Within the process, there are other conditions to fulfil as *health certificate, police clearance certificate, certificate of good standing, etc.* For more information please have a look at our German information letter.

Important information:

Each application for a licence will be verified individual and is a subject to charge.

General information about the acceptance procedure in Germany you can find here:

www.kmk.org
